Each party certifies that it has performed and will perform all of its duties under the Order in accordance with such applicable laws and regulations, and that it will do nothing to cause the other to be in violation thereof. Each party will furnish the other party in a timely manner, all information reasonably requested in order to comply with such applicable laws and regulations. In addition, each party agrees to comply with the laws and regulations of the country where the other party is located to the extent applicable to the performance of its duties under the Order, provided that it is aware of or has been informed by the other party of such laws or regulations, which shall include the following:

- 15.1.2 The parties acknowledge that any product, non-public domain technical data or services exported by each to the other remains subject to the U.S. Export Regulations after such export. Each party agrees that it will not authorize further disclosure, export, re-export or retransfer of any such product, non-public domain technical data or services to a third country, to any national (regardless of whether such national is an employee, consultant or independent contractor

of either of the parties, as the case may be) of a third country, or to any entity, including any PRC entity, not specifically authorized by applicable U.S. export agencies pursuant to an export license, agreement or other export control document.

15.1.3 In the event that any required approvals, clearances, and/or export or import authorizations cannot be obtained or maintained (or there is an extraordinary or significant delay in obtaining them), such event will be deemed an excusable delay, and the responsible party will be excused from its obligation to provide those goods or services set forth in any Order for which such approvals, clearances and/or export or import authorizations are required.

15.2.1 Each party agrees that (i) any failure to comply with the terms of this Clause 15.2 will give the other party the immediate right to terminate any agreement between DIAZYME and Purchaser upon adequate notice; and (ii) if subsequent developments cause the certifications made and information reported by a party pursuant to this Clause 15.2 to be no longer accurate or complete, such party will immediately furnish the other party with a supplementary report detailing such change in circumstances.

15.3 Product Registrations. For distributor sales, if product registration is required in local jurisdictions, DIAZYME will assist DISTRIBUTOR (Sponsor) with required documentation needed for registration. If applicable, a Quality Assurance Roles and Responsibilities chart may apply.

THIS LIMITATION OF LIABILITY SHALL APPLY NOTWITHSTANDING ANY CONFLICTING OR INCONSISTENT PROVISION CONTAINED IN ANY ORDER OR OTHER DOCUMENT FOR PRODUCTS OR SERVICES, AND TO THE FULL EXTENT PROVIDED BY LAW AND REGARDLESS OF FAULT. Notwithstanding anything to the contrary herein, DIAZYME'S total liability in the aggregate under the Order, including but not limited to Clause 11, shall never exceed the Order price actually received by DIAZYME for the Products.

16.2 In no event shall DIAZYME or its subcontractors or sub-suppliers be liable, regardless of the theory on which any claim may be based, whether in contract, infringement, negligence, strict liability, other tort or otherwise, for any special, indirect, incidental, or consequential damages, including, but not limited to, actual or anticipated loss of profit or revenue, loss or damage to property or equipment, business interruption, loss of equipment, cost of purchased power, substitute equipment, and other costs incurred, reputation and data, facilities or services, or claims of customers of Purchaser for such damages.

- 18. INDEPENDENT CONTRACTOR:** DIAZYME is, and shall be deemed to be, an independent contractor and not an agent or employee of the Purchaser either expressly or impliedly. The Order shall not constitute, create, give effect to, or imply a joint venture, pooling arrangement, partnership, formal business organization or any type of permanent relationship of any kind beyond the specific purposes stated herein. Nothing in the Order shall grant to either Party the right to make commitments of any kind for, or on behalf of, the other Party.
- 19. ASSIGNMENT/SUBCONTRACTING:** The Order for the Products may not be assigned by Purchaser without DIAZYME'S prior written consent. DIAZYME is authorized to contract with any subcontractor or sub-supplier it deems necessary, in its sole discretion, to complete the Products.
- 20. LANGUAGE:** All writings and communications between DIAZYME and Purchaser shall be in English.

Such arbitration proceedings shall be conducted in the English language and shall take place in San Diego, California, U.S.A. Judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction thereof. The relief that may be awarded is limited to actual compensatory damages and may not provide for punitive damages. The decision of the Arbitral panel shall be final and binding on both Parties, their successors and assigns. Purchaser agrees to waive its right to sovereign immunity if it is a governmental entity.
- 22.1 Notwithstanding any reference to arbitration, DIAZYME and Purchaser shall continue to perform their respective obligations under the Order, except the part under arbitration or any part contingent on the resolution of such arbitration.

- 24. SEVERABILITY:** Any provision of these terms and conditions which is finally determined by a court of competent jurisdiction to be invalid or unenforceable in any jurisdiction shall be ineffective to the extent of such invalidity or unenforceability in such jurisdiction, without rendering invalid or unenforceable the remaining provisions of these terms and conditions or affecting the validity or enforceability of such provision in any other jurisdiction. If a court of competent jurisdiction declares any provision of these terms and conditions to be invalid or unenforceable, Purchaser and DIAZYME shall request that such court reduce the scope, duration, or area of the provision, delete specific words or phrases from the provision, or replace the provision with a provision that is valid and enforceable and that comes closest to expressing the original intention of Purchaser and DIAZYME, and these terms and conditions shall be enforceable as so modified in the jurisdiction in which the provision was declared invalid or unenforceable.

No oral statement made by any person shall, in any manner or degree, modify or otherwise affect the terms of the Order.
- 26. NON-WAIVER:** Should DIAZYME fail to insist, in one or more instances upon strict performance or to exercise any rights, it shall not waive or relinquish to any extent DIAZYME'S right to assert or rely upon any such terms or rights on any future occasion.
- 27. INTEGRATION:** These terms and conditions supersede all prior arrangements, understandings, letters of intent, conversations and negotiations between DIAZYME and Purchaser with respect to the subject matter of these terms and conditions and constitute the entire agreement between DIAZYME and Purchaser. In the event of any conflict between the Order and these terms and conditions, these terms and conditions shall govern.
